Trains (part 1)

There's a trainstation right underneath Schiphol airport, so if you follow the signage after you go through the baggage hall you should be able to find it easily.

The first train you need to take goes in the direction of Amsterdam and usually departs from tracks 1 or 2. Which one is only announced a short time before, but those are on opposite sides of the platform.

It's only a 10 minute trip to Amsterdam Sloterdijk where you have to change to the train to Den Helder. Usually you will arrive at platform 12 on the 2nd floor, and have to go down two flights of stairs to depart at platform 4. Follow the signage.

When you are in the train to Den Helder, it is a great time to start arranging your [Texelhopper](#) trip from '**Pontweg Veerhaven**' to '**Prins Hendrik**', which you will have to book one hour in advance.

Bus (part 2)

Once you get to Den Helder train station, you can find the bus platforms on the right hand side of the station. The bus to the harbour is line 33, which departs from platform E and will be marked on the sign at the bus stop and on the front of the bus itself. For travellers to Texel, **this bus is free**.

Directions to bus line 33 at Den Helder station.

Ferry (part 3)

From the bus stop at the harbour it's only a short walk to the Ferry towards Texel, the boattrip lasts about 20 minutes.

Texelhopper minivan (part 4)

On the island you can use the [Texelhopper](#) minibus service to get to the venue. **You have to order a Texelhopper at least one hour in advance**, so be sure to read the information on their website. Plan your trip from trip from 'Pontweg Veerhaven', which is where the ferry arrives to '[Prins Hendrik](#)', which is our conference venue.
